

26th September 2025

To Whom It May Concern,

This letter serves to confirm that Eric Ambriza with Passport number: A8202394, was employed at Dimagi South Africa as a Senior Technical Project Analyst from August 2020. He worked remotely from Cape Town, South Africa supporting the management of Dimagi's CommCare projects, mainly working with - but not limited to - our clients in Ethiopia, Kenya, Mozambique, United States of America and Uganda.

As a Senior Technical Project Analyst on Dimagi's Global Solutions Division, the role also required ongoing coordination with colleagues based in other Dimagi country offices as well as with various Dimagi partners all around the world.

In his role as Senior Technical Project Analyst, Eric has been instrumental in translating business requirements into clear technical specifications and designing applications that integrate seamlessly within broader software ecosystems. He consistently supported project managers and teams by defining and clarifying system requirements, estimating effort levels, and ensuring alignment with project scope and timelines. Eric provided technical leadership by guiding team members in application development, delivering high-quality technical documentation, and maintaining project tracking tools such as Asana and Jira. He also played a key role in implementation support, building client capacity through training, and ensuring agile delivery practices were followed effectively.

Eric further distinguished himself through his expertise in data management, analysis, and visualization. He developed and executed data and reporting solutions, ensuring that information collected via mobile tools was both meaningful and actionable. As a PowerBI/SQL dashboard expert, Eric built high-impact dashboards that supported decision-making for clients and internal teams. His ability to combine technical skill with rigorous quality assurance practices, updating and executing test plans across the software development life cycle, ensured the delivery of reliable, high-quality systems that met client needs.

Should you have any questions or require further clarification as to Mr Jani employment history at Dimagi, please do not hesitate to contact me at tjani@dimagi.com or dsa-ops@dimagi.com or +27 21 461 4294.

Regards,

Tafadzwa Jani
Technical Project Manager
Dimagi South Africa
